**Problemi di biopolitica in una società di longevi sani (Italian Edition)** Diego Balducci

Biopolitica è un termine abbastanza nuovo che dovrebbe indicare dove e quando investire in campo biomedico con interventi che, partendo dalla conoscenza dei complessi meccanismi che regolano i fenomeni vitali delle nostre cellule, cerchino di chiarire perché convenga vivere in un certo modo con l'obiettivo di ridurre l'incidenza di diverse malattie croniche anche gravi. D'altro canto, invece, sono numerose le pagine di giornali o le presentazioni televisive in cui sono offerti prodotti o trattamenti che indicano, con argomentazioni spesso errate o insufficienti, come risolvere qualche specifico problema di salute, ma si tratta per lo più d'iniziative, talvolta ingannevoli, a scopo puramente commerciale.
