Strategy and Action Plan for the Greater Mekong Subregion North-South Economic Corridor

The North–South Economic Corridor (NSEC), one of the priority economic corridors under the Greater Mekong Subregion (GMS) Economic Cooperation Program, was designated as a GMS flagship initiative in 2002. Efforts have been taken since then to develop NSEC but these were pursued mainly on a project-by-project basis. Consultations in NSEC countries were started in the last quarter of 2007 to initiate a holistic approach to the development

of NSEC. The strategy and action plan for NSEC is the product of these and subsequent consultations with government officials, representatives of the private sector, and other stakeholders in these countries. Besides providing a vision and framework for developing NSEC, this strategy and action plan is aimed at improving coordination, ensuring effective implementation, and helping the mobilization of resources and the broadening of support for NSEC development. The strategy and action plan for NSEC was endorsed at the 15th GMS Ministerial Conference held in Cha-am, Petchburi Province, Thailand on 17–19 June 2009.
