**In *Children of the Mist*, we discovered the secret history of the Children. Now, in the wilds of Scotland, one of them has come of age...**

Megan MacGregor has lived her life off the grid, in complete secrecy. Now she's all grown up, and needs what every female werewolf before her has needed: a mate.

Tracking one down in the lonely wilds of Argyll will be no easy task, but Megan is no ordinary woman. When she finds Sean Duncan, she'll do anything to keep him. But Sean has secrets and a past of his own, and Megan might get more than she bargained for in a mate.
