Dimension of Miracles Robert Sheckley

Thomas Carmody wins the Intergalactic Sweepstakes and leaves Earth behind. He ends up following his fast-talking Prize from place to place, seeing talking dinosaurs, a perfect city smothering its residents with motherly love, a giant, slightly bored God, and much more. The only problem is that death is chasing closely after him and there seems to be no way to get safely home . . .

From the very beginning of his career, Robert Sheckley was recognized by fans, reviewers, and fellow authors as a master storyteller and the wittiest satirist working in the science fiction field. Open Road is proud to republish his acclaimed body of work, with nearly thirty volumes of full-length fiction and short story collections. Rediscover, or discover for the first time, a master of science fiction who, according to the *New York Times*, was “a precursor to Douglas Adams.”
