Historical Dictionary of Libya (Historical Dictionaries of Africa)

Ronald Bruce St John

Historical Dictionary of Libya (Historical Dictionaries of Africa) Ronald Bruce St John

Of all the states of the Middle East and North Africa, Libya has long been the country about which the least is known. It is only in recent times that scholars and the general public alike have begun to appreciate the complexity of Libya's turbulent history including the recent February 17th Revolution in 2011 when protests broke out throughout Libya, demanding better living conditions and more job opportunities. When the Qaddafi regime responded with force, killing scores of unarmed civilians, the protesters called for regime change. In what came to be known as the February 17th Revolution, the Qaddafi regime was overthrown and Qaddafi was killed in October 2011. In July 2012, the Libyan people elected a General National Congress charged with overseeing the drafting of a new constitution and the election of a national government.

This fifth edition of *Historical Dictionary of Libya* covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on important personalities, politics, economy, society, conflicts, and the culture of Libya. This book is an excellent access point for students, researchers, and anyone wanting to know more about Libya.
