Social Work and Mental Health (Transforming Social Work Practice Series) Malcolm Golightley

While mental health is a core subject on the social work curriculum, many students find the breadth of the subject difficult to grasp. There is much to understand from law, policy and legislation, to ethical and value-based considerations. This book is written as an introduction to the complex issues around mental health. Law and policy are outlined whilst the author gives space to ethical considerations when working alongside the most vulnerable in society. There are clear links between policy, legislation and social work practice and learning features mean students can begin to think critically about a variety of mental health issues.

Key updates:

More material on working with dementia

This book is in the **Transforming Social Work Practice** series. All books in the series are affordable, mapped to the Social Work Curriculum, practical with clear links between theory & practice and **written to the Professional Capabilities Framework**.
