It is 1904, and Rachel and her family are leaving Russia to escape the continuing riots against Jews. They take the Trans-Siberian Railway across the country and board a ship to Shanghai. Life is difficult and strange in this new city, but Rachel's luck changes when she finds a job writing for a newspaper. Meanwhile, Sergei finds that working in a factory in St. Petersburg is not only miserable but dangerous, and he soon joins the rebelling socialist workers. Through letters, Rachel and Sergei share their dream of moving to America to find a better life. The story that began in Rachel's Secret continues in this, the second novel in the Rachel Trilogy.
