**Machiavelli: The Prince (Cambridge Texts in the History of Political Thought)** Niccolo Machiavelli

In his introduction to this new translation by Russell Price, Professor Skinner presents a lucid analysis of Machiavelli's text as a response both to the world of Florentine politics, and as an attack on the advice-books for princes published by a number of his contemporaries. This new edition includes notes on the principal events in Machiavelli's life, and on the vocabulary of *The Prince*, as well as biographical notes on characters in the text.
