Real Rights

Carl Wellman

Real Rights Carl Wellman

Real Rights offers a new theory of the grounds of legal and moral rights, thereby providing a platform from which to determine whether alleged rights are "real" or not. In particular, Wellman conceives of a legal or moral right as a complex of liberties, claims, powers, and immunities, and distinguishes the kinds of laws and moral reasons that can ground each of these. The book argues that only agents can be right-holders, that children and the mentally-limited can have only limited rights, while fetuses, the dead, and groups can have none. It also discusses the duties implied by any real right, as well as the kinds of considerations (including conflicting rights) that could override implied duties. This original and systematic discussion of the grounds of rights should interest a wide range of scholars and practitioners in philosophy, law, and political science.

From reader reviews:

Woodrow Harker:

What do you think of book? It is just for students because they are still students or that for all people in the world, the particular best subject for that? Only you can be answered for that question above. Every person has diverse personality and hobby for each other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book Real Rights. All type of book is it possible to see on many options. You can look for the internet options or other social media.

Craig Harrison:

As people who live in the actual modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era and that is always change and progress. Some of you maybe will certainly update themselves by studying books. It is a good choice for you but the problems coming to you is you don't know which you should start with. This Real Rights is our recommendation so you keep up with the world. Why, because book serves what you want and want in this era.

Joyce Lynch:

The book Real Rights has a lot of knowledge on it. So when you make sure to read this book you can get a lot of gain. The book was published by the very famous author. The writer makes some research just before write this book. This book very easy to read you can find the point easily after looking over this book.

Glenn Connolly:

What is your hobby? Have you heard which question when you got pupils? We believe that that problem was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. So you know that little person such as reading or as reading through become their hobby. You need to understand that reading is very important in addition to book as to be the issue. Book is important thing to incorporate you knowledge, except your personal teacher or lecturer. You get good news or update concerning something by book. A substantial number of sorts of books that can you choose to adopt be your object. One of them is Real Rights.
