Catholicity and Heresy in the Early Church Mark Edwards

While it has often been recognised that the development of Christian orthodoxy was stimulated by the speculations of those who are now called heretics, it is still widely assumed that their contribution was merely catalytic, that they called forth the exposition of what the main church already believed but had not yet been required to formulate.

This book maintains that scholars have underrated the constructive role of these "heretical" speculations in the evolution of dogma, showing that salient elements in the doctrines of the fall, the Trinity and the union of God and man in Christ derive from teachings that were initially rejected by the main church. Mark Edwards also reveals how authors who epitomised orthodoxy in their own day sometimes favoured teachings which were later considered heterodox, and that their doctrines underwent radical revision before they became a fixed element of orthodoxy.

The first half of the volume discusses the role of Gnostic theologians in the formation of catholic thought; the second half will offer an unfashionable view of the controversies which gave rise to the councils of Nicaea, Ephesus and Chalcedon . Many of the theories advanced here have not been broached elsewhere, and no synthesis on this scale had been attempted by other scholars. While this book proposes a revision in the scholarly perception of early Christendom, it also demonstrates the essential unity of the tradition.

Michael Albright:

Reading a book being new life style in this 12 months; every people loves to go through a book. When you go through a book you can get a lots of benefit. When you read textbooks, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what sorts of book that you have read. If you want to get information about your study, you can read education books, but if you act like you want to entertain yourself look for a fiction books, these kinds of us novel, comics, in addition to soon. The Catholicity and Heresy in the Early Church provide you with a new experience in studying a book.

David Whetstone:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's internal or real their passion. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Catholicity and Heresy in the Early Church can make you sense more interested to read.
