Long ago, the Cult of Humanity sacrificed the Dragon Queen, crippling the breeding process. But now Carolyn hears the voice of that long dead queen telling her that she holds the key to breaking the spell that will free all the female dragons.

FBI dragon Reed's disdain for humans can't mask the magnetic attraction he has for Carolyn, but when she tells him she's going to shift into a dragon he thinks she's crazy. A female hasn't been hatched, or shape shifted, in over a thousand years.

He's proven wrong after Carolyn shifts and is named the new Queen on the block. A never-ending line of suitors forms, but she only wants Reed. Too bad he doesn't want in on the competition. But when the Cult kidnaps Carolyn to sacrifice her in an effort to make the curse against the female dragons permanent, Reed must face his fears—and feelings, racing to save the woman he realizes he can't live without.
