This volume updates the information in the first volume and adds some new names. Information has been added on the pilots who gained success against the V-1 flying bombs during 1944-45. Detail is also provided on those units in which virtually all the fighter pilots served at some time or another - the fighter Operational Training Units - and of specialist units such as the Central Gunnery School, Fighter Leader's School and Fighter Experimental Units. There is also coverage of the only other conflicts in which British pilots have been able to claim victories since 1945 - Korea and the Falklands Conflict.
