Once Upon a Zombie Storm Stoker

What would you do if you turned on the news tomorrow morning and learned there was a Zombie Apocalypse?

There are at least seven people who would not be surprised. In fact, they've been waiting their whole lives for this event. These over-educated, under-employed misfits have spent years watching old horror films about zombies, playing zombie video games and discussing what they would do if zombies invaded. They are ready.

In the real world, they are labeled as freaks and outcasts. They have dead-end jobs and are looked down on by their families and society. The real world is about to end. Is it possible the least likely people to survive in the normal world could triumph in a zombie apocalypse? Is this their chance to move from the bottom to the top of the food chain?
