Un dibujante de cómic normalmente tarda un día entero solamente para trazar a la piz una página; si ya es rápido puede aventarse dos; si es excepcionalmente rápido: tres. Si ya hablamos de un virtuoso puede hacer una o dos páginas enteras: dibujo y color. Actualmente el uso de la computadora está reduciendo los pasos del proceso creativo y no faltará quien pueda hacer hasta tres páginas diarias. Estamos hablando de páginas de cómic tamaño gringo: 17 x 26 cm con un promedio de seis cuadros por página. Este libro presenta el resultado de un ejercicio Kamikaze realizado en Guadalajara, durante el "7o Encuentro de Caricatura e Historieta" dentro de la FIL 2008. Las reglas del juego son simples: Realizar 8 páginas, en 8 horas. El tema se decide en el momento de iniciar. En este caso el tema fue: OCHO. Los "jugadores" que aparecen seleccionados para esta edición son, por orden alfabético: Adriano, Axel Medellín, Bachan, BEF, Patricio Betteo, Edgar Clement, Ricardo García Micro, Guffo, Humberto Ramos. Todos ellos narradores gráficos de largo oficio. Quien merece mención aparte es el decano Sergio Aragoné's, destacada figura del cómic y el humor gráfico que se incorporó al ejercicio en el último momento... y terminó en seis horas.
