Democracy on Purpose: Justice and the Reality of God (Moral Traditions series) (Moral Traditions (Paperback)) Franklin I. Gamwell

Western moral and political theory in the last two centuries has widely held that morality and politics are independent of a divine reality. Claiming that this consensus is flawed, prominent theologian Franklin I. Gamwell argues that there is a necessary relation between moral worth and belief in God. Without appealing to the beliefs of any specific religion, Gamwell defends a return to the view that moral and political principles depend on a divine purpose.

To separate politics from the divine misrepresents the distinctive character of human freedom, Gamwell maintains, and thus prevents a full understanding of the nature of justice. Principles of justice define "democracy on purpose" as the political form in which we pursue the divine good.

Engaging in a dialogue with such major representatives of the dominant consensus as Kant, Habermas, and Rawls, and informed by the philosophical writings of Alfred North Whitehead, this book makes the case for a neoclassical metaphysics that restores a religious sensibility to our political life.
