When transsexual starlet Aisling is murdered, Detective Geraldine Meyers is assigned the case. With help from medical examiner Dr. Rachel Hunter, Gerri realizes this is no ordinary killing. While she might not want to call in over-eager anthropologist Dr. Kinsey DanAllart, the detective is forced to trust her friend's expertise in symbology, even though doing so means admitting "weird" things might be happening in Silver City. As the three friends unravel the mystery of the dancer's death, one thing is made absolutely apparent--something isn't right in their new hometown. And someone is doing everything they can to make sure the truth doesn't come out.

In Silver City, sometimes friendship can be murder.

Welcome to the first Nightshade Case, a series of twenty-one episodes. **Please note:** this episodic series is based on the television show model, with screenwriting notations and shorter formats. There will be a complete mystery each episode, with cliffhangers only occurring in the full season story line.
