## **Sport: A Critical Sociology** Richard Julianotti

In this new edition of his acclaimed book, Richard Julianotti provides a critical sociological interpretation of modern sport. As global festivals such as the Olympic Games and football's World Cup demonstrate, sport's social, political, economic and cultural significance is becoming ever more apparent across the world.

Ten years after its original publication, the text has been completely revised and updated to cover the most recent literature and to tackle the key contemporary issues of sport and society. Chapter by chapter, Julianotti offers a cogent examination of widely taught sociological theories and topics that relate to sport, skilfully weaving together theory and examples. These include functionalism, Weberian sociology, Marxism and postmodern sociology, along with ethnicity, gender and globalization. Using an international range of case studies and research regarding a wide variety of sports, the new edition has furthered its commitment to making this important material especially accessible to undergraduate readers.

*Sport: A Critical Sociology* remains the best sociological introduction to sport for upper-level undergraduate and postgraduate students on courses such as sport and leisure studies, cultural studies, and modern social theory.

#### **Madeline Pastrana:**

Is it you actually who having spare time and then spend it whole day by means of watching television programs or just laying on the bed? Do you need something totally new? This Sport: A Critical Sociology can be the answer, oh how comes? A fresh book you know. You are and so out of date, spending your spare time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?

#### **Lynn Kelley:**

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the teacher want, like asked to the library. They go to there but nothing reading significantly. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Sport: A Critical Sociology can make you sense more interested to read.
