Nancy Fraser

Escalas de justicia (Pensamiento Herder) (Spanish Edition) Nancy Fraser

Hasta hace poco, las luchas por la justicia tenían lugar con el trasfondo de un marco que se daba por supuesto: el Estado territorialmente delimitado. Con esta imagen "westfaliana" del espacio político asumida por defecto, apenas se discutía sobre el alcance de la justicia. En la actualidad, activistas de los derechos humanos y feministas internacionales rechazan el punto de vista de que la justicia es sólo una relación doméstica entre ciudadanos de un mismo país. Oponiéndose a las injusticias que traspasan fronteras, hacen de la escala de la justicia una cuestión de lucha explícita.

Nancy Fraser se pregunta: ¿cuál es el marco adecuado para teorizar sobre la justicia y cuál es la escala realmente justa? La autora revisa sus conocidas teorías de la redistribución y el reconocimiento, e introduce la "representación" como una tercera dimensión "política" de la justicia, elaborando un nuevo tipo reflexivo de teoría crítica que sitúa en primer plano la injusticia de una atribución de marco injusta. Dialogando y debatiendo con pensadores como Habermas, Rawls, Foucault o Arendt, contempla un espacio político poswestfaliano que abraza la solidaridad transnacional, una esfera pública transfronteriza, el establecimiento de marcos democráticos y proyectos emancipatorios transfronterizos. El resultado es una sólida reflexión sobre quién cuenta respecto a qué, en el terreno de la justicia, en un mundo en globalización.
