## **Gilgamesh among Us: Modern Encounters with the Ancient Epic** Theodore Ziolkowski

The world's oldest work of literature, the *Epic of Gilgamesh* recounts the adventures of the semimythical Sumerian king of Uruk and his ultimately futile quest for immortality after the death of his friend and companion, Enkidu, a wildman sent by the gods. Gilgamesh was deified by the Sumerians around 2500 BCE, and his tale as we know it today was codified in cuneiform tablets around 1750 BCE and continued to influence ancient cultures-whether in specific incidents like a world-consuming flood or in its quest structure-into Roman times. The epic was, however, largely forgotten, until the cuneiform tablets were rediscovered in 1872 in the British Museum's collection of recently unearthed Mesopotamian artifacts. In the decades that followed its translation into modern languages, the *Epic of Gilgamesh* has become a point of reference throughout Western culture.

In *Gilgamesh among Us*, Theodore Ziolkowski explores the surprising legacy of the poem and its hero, as well as the epic's continuing influence in modern letters and arts. This influence extends from Carl Gustav Jung and Rainer Maria Rilke's early embrace of the epic's significance—"Gilgamesh is tremendous!" Rilke wrote to his publisher's wife after reading it-to its appropriation since World War II in contexts as disparate as operas and paintings, the poetry of Charles Olson and Louis Zukofsky, novels by John Gardner and Philip Roth, and episodes of *Star Trek: The Next Generation* and *Xena: Warrior Princess*.

Ziolkowski sees fascination with Gilgamesh as a reflection of eternal spiritual values-love, friendship, courage, and the fear and acceptance of death. Noted writers, musicians, and artists from Sweden to Spain, from the United States to Australia, have adapted the story in ways that meet the social and artistic trends of the times. The spirit of this capacious hero has absorbed the losses felt in the immediate postwar period and been infused with the excitement and optimism of movements for gay rights, feminism, and environmental consciousness. Gilgamesh is at once a seismograph of shifts in Western history and culture and a testament to the verities and values of the ancient epic.
