## **Postmodernism and the Ethics of Theological Knowledge (Ashgate New Critical Thinking in Religion, Theology and Biblical Studies) Justin Thacker**

This book establishes the necessary integration of theological knowledge with theological ethics. It does this as a response to the postmodern critique of Christianity, as exemplified in Rorty and Lyotard. They argue that any claim to know God is necessarily tyrannical. Contemporary responses to such postmodern thinking often fail to address adequately the ethical critique that is made. This book redresses that balance by suggesting that our knowledge of God and love of the Other are so intimately connected that we cannot have one without the other. In the absence of love, then, we simply do not know God. Justin Thacker proposes that an effective theological response to postmodernity must address both knowledge and ethics in an integrated fashion as presented in this book.
