Passage Into Discipleship is designed to help older children and youth more faithfully prepare for the act of baptism by teaching what it means to walk a Christian journey. This book incorporates four different learning models that stimulate young people in being excited about becoming followers of Jesus. Learning models include classroom instruction, community and communal hands-on experiences, mentors that guide youth throughout the process, and a day-long retreat that concludes the curriculum. Topics discussed in the book include confession, contrition, covenant, community, and connection, which are each coupled with key scripture texts. Each topic covered connects church theological concepts with daily life application.
