*Taking out hellish creatures—not a problem. Armed with blessed silver hollow-points and the ability to manipulate magick, he's ready for anything—except betrayal he never saw coming. . .*

Deacon Chalk knows the biggest danger in fighting monsters is becoming one. Just another day at the office for your friendly neighborhood occult bounty hunter. If keeping three helpless were-dog children safe means battling a malevolent trio of witches by any means necessary, so be it. If that means partnering with a ruthless government agent to stay one step ahead of the allies and friends he must now suspect, he's not going to cry about it. The only way Deacon can save humans and shape-shifters alike is to embrace a power beyond his imagining, putting his team at stake—and his soul on the line. . .

**Praise for *Blood and Silver***
