We all have heard time and time again of the changes a woman goes through when she is pregnant. But what about the man? Doesn't his life change too?

*PregMANcy* is an honest and humorous memoir looking at the changes author Christian Piatt experience with his wife and son when they learn they're expecting their second child — an unplanned pregnancy.

Containing stories and unscripted (and surprising) quotes from his young son as they await the birth of his baby sister, *PregMANcy* will take you on the wild ride of parenthood and show that it is not always easier the second time around.
