Your 60 Minute Lean Business - The Collection Mr Jason Tisbury

Your 60 Minute Lean Business - The Collection is the final compilation in the series of 60 Minute Lean Guides. The entire philosophy of Lean Manufacturing and Lean Business is built around the removal of waste from processes. I found it quite ironic that in the Lean process itself the most waste has always been in the education material and study of Lean. So I decided to remove much of the waste and focus on what you need to know to implement lean. There are many books in the market to provide you with the detailed background, case studies and mind numbing excess information, if you need it, however if you want to quickly learn what you need to know to implement a Lean system or process this series is for you.
