Federica Fioroni

Dizionario di narratologia (Coriandoli) (Italian Edition) Federica Fioroni

Un numero sempre crescente di neuroscienziati, biologi, psicologi e filosofi ha sottolineato l'importanza dello storytelling nel processo di comprensione e elaborazione di modelli esplicativi della realtà da parte dell'uomo: il fenomeno cognitivo più importante della nostra mente sarebbe la narrazione, che noi proiettiamo nelle situazioni quotidiane al fine di comprenderle o per consentirci di riadattare le nostre attese ai cambiamenti degli scenari reali. Il Dizionario di narratologia costituisce il risultato di un lavoro sistematico di raccordo teorico e aggiornamento bibliografico in prospettiva non solo comparata (gli esempi sono prelevati dalle principali tradizioni letterarie occidentali) ma intermediale, in modo tale che la narrativa risulti sì osservata nel suo alveo principale, che è e resta quello letterario, ma simultaneamente nelle sue più recenti incarnazioni medial, dai videogame ai blog.
