What Would George Do? Helen Broder, Nan Marshall

At first glance, the world of the twenty-first century and the world of our first president could hardly be more different. Modern life is filled with distractions from technology, hectic schedules, and multitasking. However, George Washington lived through a time of great turmoil. As a general and politician, he was subject to stressors to an extreme that most of us will never know. Graciousness and dignity, however, were his hallmarks, and he lived his life by the code defined in *The Rules of Civility*.

People make great efforts to be civil. While compassion and concern for the well-being of others can be lost beneath the shuffle of our daily lives, it still exists. This practical and elegant guide offers valuable lessons for inner tranquility, such as the difference between working hard and always being in a hurry, as well as a guide for social situations, including the importance of quality time with others, table manners, romantic propriety, and congenial communication. While technology has moved forward, the question “What would George Washington do?” has become more relevant than ever.

It should be here for anyone. So , don't miss this! Just read this e-book sort for your better life and also knowledge.

Dwight Bailey:

As a scholar exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this What Would George Do? can make you really feel more interested to read.
